

# Vascular Discovery: From Genes to Medicine 2023

American  
Heart  
Association.

May 10-13, 2023 | Boston, MA  
Boston Marriott Copley Place

Sponsored and organized by the AHA Councils on Arteriosclerosis, Thrombosis and Vascular Biology and Peripheral Vascular Disease, and in collaboration with the AHA Council on Genomic and Precision Medicine, the meeting will provide unique opportunities to meet with colleagues from around the world with wide-ranging research interests and expertise for the timely exchange of information about new and emerging scientific research in the areas of arteriosclerosis, thrombosis, vascular biology, peripheral vascular disease, genomics and precision medicine.

## Rates

*Rates include table, two chairs, wastebasket and two conference registration(s).*

Industry: \$2,000

Non-profit: \$750

*For more information and to apply online, visit [exhibitatsessions.org/vascular-discovery](https://exhibitatsessions.org/vascular-discovery)*

# Audience Snapshot

## Target Audience

- Allergy and Immunology
- Arteriosclerosis
- Biochemistry
- Biological Sciences
- Diabetes and Metabolism
- Functional Genomics
- Genetics
- Hematology
- Internal Medicine
- Molecular/Cellular Biology
- Nutrition
- Pathology
- Peripheral Artery Disease
- Pharmacology
- Physiology
- Vascular Surgery
- Thrombosis
- Vascular Biology
- Vascular Medicine

## 2022 Attendance

# 500+

Professional attendees, including:

## 150

- Clinicians
- Physicians

## 350+

Scientists: Basic, clinical, research and translational
