February 4, 2025 | Pre-Cons and Stroke Nursing Symposia
February 5–7, 2025 | International Stroke Conference
Los Angeles Convention Center | Los Angeles, California

American Stroke Association.
A division of the American Heart Association.

Learning Labs

Hold your own educational programming in the Science & Technology Hall
Promoted by AHA/ASA through official channels!

Deadline: Dec. 6, 2024

Learning Labs are a new type of ISC business suite grouped together with other business suites in the Science & Technology Hall.

Large overhead signage ensures attendees know where to find you.

A schedule of all Learning Lab programs, with locations, dates and times, will be integrated into AHA/ASA official conference programs and the mobile app.*

Learning Labs will also be promoted via a house ad in the Daily Newspaper, a digital house ad in an ePreview, and an editorial mention in the Morning Agenda emails. A full list of Learning Labs will be published on the meeting's official news website and signage at the convention center.*

Learning Lab programming will need to be provided to AHA/ASA by educational categories (such as aneurysms and vascular malformations, brain health, imaging, etc.) and will appear in these sections of the official program.

Learning Lab exhibitors will be provided **one 2025 pre-registration list** (addresses only) for pre-meeting promotion.

Exhibitors are also allowed to include their **program schedule on the walls** of their Learning Lab.

Learning Labs should have seating for no more than 20 people. This is meant to be an intimate educational experience. No microphones or other sound amplification are allowed.

Programming in your Learning Lab is allowed anytime the Science & Technology Hall is open. There is no limit to the number of programs you can hold.

(You will be required to disclose that this is not "official AHA/ASA programming.")

Learning Lab Costs
20 x 20 = $26,400
20 x 30 = $33,000
30 x 30 = $42,900
(Fees do not include furniture, electricity, A/V, food & beverage.)

Don't miss this opportunity to share your expertise with stroke and cerebrovascular professionals, and to have your programming promoted by AHA/ASA!
