

## Conference Overview & Exhibitor Information

---

### **Hypertension 2026**

This program focuses on recent advances in basic and clinical research on hypertension, is considered the premier scientific meeting on the subject in the world. A collaborative effort between the Council on Hypertension and the Council on the Kidney in Cardiovascular Disease, the science submitted to this conference continues to bring us the most up to date developments on our understanding of: the causes of hypertension; its relationship to stroke, cardiac disease and kidney dysfunction; and the most effective means for detecting, evaluating and treating high blood pressure across diverse populations.
